Temperance Life-Bitters, AND CHINESE BLOOD PILLS.

To The Greatest Secret Discovered ! [1] PIRGE purge purge has been the cry for the last few years. This has been effectually med, and yet sufférers have multiplied and died; and why? Not because purging was not necessary, hat to much have been done - without the tonic to follow, and sustain the system. Purge, you must! The sickly humors of the blood must be carried off or the arcumulation of them prevented. Prevent,

men, the growth of such humors.

Why do the Chinese live to such immense ages, and still retain the powers of youth or middle age! Because they purify the blood. The Chinese BLOOD Pills so called because they work upon and cleanse the blood- are the standard remedy. These Pills will do it; and the Temperance Bitters, taken as directed, will strengthen the system and prevent the accumulation of the base humors, which infest the blood, and which only increase by purges, unless the Bitters are taken after. Buy, then, these Pills and Bitters. Take weekly the Pills and daily the Bitters; and if you are or have been invalids for days; weeks, months, or years, you will find the sidely hu the sallow vellow hive of sickness change rapidly to the full blooming glose of heatth and youthful bloog-

There are cases so humor one of these brilliant effects, that time and space forbid an effempt to put them down. Buy and use these medicines, and use to other, and bealth and strength shall be you .. - Hue FRAUDULENT COUNTERFEITS

will be attempted. Buy no remedy of the kind unless it have my name O. C. Lin, M. D. on the wrapper, and also the notice as follows: "Entered according to Act of Congress, A-D. 1841, by THOS. CONNEL, in the Clerk's Office of the

New READING BOOK for Schools.

ADAMS, Author of Adams's New Arithmetic." EXTRACTS FROM THE PREFACE.
"THE MONITORIAL REAUER possesses dis-

tinctive traits. The object is to supply what is believed to be the great desideratum in our schools a series of exercises relating to what concerns the practical matters of life truth, integrity, honesty, industry, temperance, forethought, frugality, patient endurance of adversity, and whatever else tends to

We wish to impress Ir on the minds of those, into whose hands these exercises shall come, now, in this seed-time of life, what is hore so abundantly incul-cated, that Every man is emphatically the architect of his own fortune that with themselves it lies the subscribers, under the firm of WHITTER whether they shall ever be any thing or nothing that day discalved by mutual co. Eat. I that a marked control to begin with decreased to a white in the firm are requested to a white in the halance for research weight a whit in the balance for or against them that, coming into life with health, strength, capacity for labor, good education, a useful and respectable trade, hab its of industry, sobriety, punctuality, frugality, and, above all, with a GOOD AND UNSUILIED CHARACTER, they have the best of all capital a moral capital; the noblest of all power moral power and the most certain means of honest and honorable accumulation and fortune, and may be sure, under circumstances ordinarily propitious, to rise to that competency of influence, respect, and general confidence, and that henerable measure of wealth and independence, which should fully satisfy a reasonable and virtuous ambition."

EXTRACTS FROM RECOMMENDATIONS. The influence will all he found on the side of virtue, mornlity and religion. Occasional comments are given. Difficult or unusual words are defined. Prose and poetry are suitably intermingled.

It is hardly to be imagined that this book should fail of popularity. It certainly would not, had it not so many competitors that have got the start of it in the As it is, its mettle is such as to give it fair

promise of ultimate success in the contest. Boston Recorden Dr. Adams: Having examined to some extent your Monitorial Reader, I am pleased with its plan, its object, and the manner in which it has been executed. It seems adapted to the intellectual and moral improvement of those for whose use it was designed. I trust it will prove to be what its author londly anticipates.

(Rev.) Z. S. BARSTOW, Keene. It is just such a book as our New England boys and girls will be glad to see, for it inculcates in a pleasing manner, industry, frugality, truth, honesty, temperance, peace, kindness, fortifude, and a cheerful piety.—The Vocabulary, at the end, and the arrangement for defining words, will add to its value in the hands of a judicious teacher.

(Rev.) ABIEL A. LIVERMORE, Keene...

We have also recommendations from a number of individuals and periodicals, among which are D. Crosby, Preceptor of the High School Nashua; J. Newton Brown, Professor of Theology at New Hampton. It is also adopted by the Associations of V. hoad Temple to in Obcoming and Hillsborg' counties, and by the School Committee of Concord,

- STATE OF MAINE. Bangor, Oct. 3, 1841.

HE undersigned hereby gives public notice that withe settling land in the following described Townships, which has been surveyed into settling lots, and belonging to the State, is now in the mar-

ket for sale and settlement, to wit:

Township No. 4, Kange 5, West from the East line of the State.

Letter 1 Letter II. " " Letter D.

The prices for land in these Townships will vary according to the situation and quality of the lots, not to prevent the attacks of disease, to keep the sys- less however than fifty-cents, and probably not ex-

tlers, having no mills in said Township, each of said persons will be entitled to a deed of one lot of land, As a preventive against Fevers, no persons should subject to the performance of the settling duties show cause, if any go to a warm climate without a box of these Pills; above mentioned, and the Company will be entitled should not be allowed. to a-deed of the mill lot.

Not more than four lots will be sold to any one erson in any township or tract.

The Aroostook Road has been completed this "ear, to the Arcostook River, and as that liver is navigable for boats, a good communication is now opened to the settler for an easy access to each of the above mentioned Townships.

Saw and Grist Mills have been erected and are now in operation in Township Letter F, Range 2, No. 9. Range 4, and No. 11, Range 5; and contracts have been made for the erection of Mills, the ensuing year, in Township No. 9, Range 6, No. 11, Range 6, and in Letter D. Range 1.

There has been a steady demand for settling land through the season, and more jots have been sold than in any former year. As the United States have recently established a post near the mouth of the Aroostook, and another at the mouth of Fish River, and have sent a Company of soldiers to each, new roads will undoubtedly be soon opened through this section of the State, mail routes established, new markets opened for produce, and the settler will feet

*** Thoserctus of the Maine Farmers, d Mechanics' Advocate.

(New Series) E. Holmes, Editor,
I WHE proprietors of the Maine Farmer, in ac-

cordance with the suggestions of their friends, and with a view to meet the wishes of a large number of their subscribers, have come to the conclusion to make a change in the form and size of the paper, on the first of January next. It will be about double the size that it now is,

They propose to issue a paper, once per week, in a large folio size, to be called MAINE FARMER AND MECHANIC'S ADVOCATE. One page is to be devoted evclusively to Agriculture one to Mechanical subjects, frequently illustrated with engravings one page to the current news of the day, with the pro-ceedings of the begislature and of Congress when these two bodies are in session and the remaining page to be devoted to miscellaneous reading, poetry,

advertisements, &c.
They presume it is not necessary to enlarge, upon the peculiar character of future course of the paper now offered to you. The Maine Farmer has been in existence nine years, steadily and perseveringly devoted to the interest of the productive classes. It devoted to the interest of the productive classes. will continue, as hitherto, a steady and undeviating friend to the Farmers and Mechanics; zealously urg ing forward the spirit of improvement, and encouraging the efforts of honest industry. Many of our best practical Farmers have long been encaped in contributing to the columns of the Farmer. These as well as others will continue their aid and assistance in the Agricultural portion, and we have the assurance of many excellent Mechanics that they will also contrib-ute to the columns of their depart-

Ferms \$2 per ann. \$2 50 will be charged if pay-

ment is delayed beyond the year.

CONGRESS:

TCESDAY, Dec. 21, 1841. In Senate, Mr. Jann, of Mo., agreeably to notice given yesterday, brought in his Bill to repeal the Distribution B.H, and to appropriate the proceeds from the sales of the Public-Domain to the defence of the country. The Bill being introduced to the attention of the Senate, a question arose as to the proper reference. The motion was to refer to the Committee

on Military Affairs but was rejected by yeas and nays, 24 to 17. 🐱 A motion to while to a Select Committee was

followed by a motion to commit the bill, and this was voted down 25 to 18.

The Report detailing the plin for a Fiscal Agent from the Secretary of the Treasury, was then laid before the Senate and ordered to be prented. The San its soon after adjourned.

In the House, the Consideration of the uninid business of yesterday was then resumed. rlie enestion was on the mnendment of Mr. Attent in proposing the reference of so much of the Message as ribites to the Taidly to the

INTELLIGIBLE DEVELOPMENTS AND PERSONAL BEAUTY CONSIDERED IN CONNECTION WITH DOCT FELLY GOL-

RAUD'S POUDRES SUBTILES

The sculpter whose study is to imitate the ex quisite workmanship of nature, pourtrays in his model of the human form a broad and elevated sential element of personal beauty, and it is of importance to those, and there are many such, possessed of this prominent feature though obscured by the encroachments of a too luxurious growth of hair to remove that portion of an exrescence which tends in their case only to deform This can be done safely speedily effectually and, it used in accordance with directions, without the least inconvenience, by Dr. Felix Gourand's Depitalory Powders. The fuixe of the lip, when annoying, or the short hair on the back of a ladies neck, when too apparent the hair of a mole, or he beard when hig upon the cheek may all be removed and eventually the roots destroyed, by he use of this preparation
